# Appreciation

D . O . Y

Across the country on January 9th each year, citizens take the lead to show support on National Law Enforcement Appreciation Day. Law Enforcement Officers of every rank and file have chosen a profession that puts their life on the line every day for their communities. They've answered a call to public service that is demanding and often unappreciated. From local, state and federal, their duties command dedication. The jobs are often thankless and take them away from their families for long hours. Rarely do they know what their days have in store for them. Often law enforcement are the only paid emergency resource a community has. More often they work in coordination with other local, state, and federal organizations to make communities safer.

**Thank you to our heroes in blue!**
